

North Brookfield Schools District Improvement Plan 2016-2019

Vision: North Brookfield Public School envisions a district where students are empowered to be equal collaborators in the development of their educational pathway. We recognize and honor the wide range of learning styles and interests of our students, and will provide them with the opportunities to achieve success in the manner that inspires a love and excitement of learning. Students will leave prepared to be successful in a dynamic 21st century society.

OBJECTIVES	2016-2019 INITIATIVES
<p>1. Effective Instructional Practices</p> <p>Create PK-12 curricula in all subject areas aligned to the Massachusetts Curriculum Frameworks</p>	<ul style="list-style-type: none"> ◆ Identify effective instructional strategies to implement in every classroom ◆ Share learning targets with all students PK-12 and use common language ◆ Provide teachers with PD experiences that specifically address engagement strategies and provide follow-up and coaching experiences for staff to become proficient in delivering services
<p>2. High Quality Job-Embedded Professional Development</p> <p>Establish Professional Development aligned to the needs of the district and focused on improving student learning</p>	<ul style="list-style-type: none"> ◆ Create a cohesive and on-going PD Plan aligned to teacher needs and district/school improvement goals ◆ Develop a broad range of formative, summative, and benchmark assessments ◆ Create a viable and meaningful mentor program to retain new teachers
<p>3. Student and Family Engagement</p> <p>Improve student engagement and support 21st century learning opportunities for all students</p>	<ul style="list-style-type: none"> ◆ Involve students, parents, teachers, staff, and community in designing the learning in the elementary and jr./sr. high schools ◆ Explore opportunities for public outreach to give students experiences outside the classroom walls ◆ Increase the use of student management software to communicate more effectively with students, teachers, parents, and the community

Theory of Action: If we engage all students in rigorous, engaging instruction, align all curriculum with state frameworks, establish professional development priorities, and improve technology, then we will ensure that all students reach their full potential.
